Empathy Map

The empathy map highlights the thoughts, emotions, behaviors, and challenges of individuals struggling with debt. Understanding these perspectives enables the AI Debt Relief Platform to provide personalized repayment strategies, intelligent budgeting assistance, timely reminders, and financial insights that reduce stress and improve financial well-being.

SAYS

- "I have too many loans to manage."
- "I'm worried about paying my EMIs on time."
- "I don't know which debt I should pay first."
- "I wish there was an easier way to manage my finances."
- "I need professional financial advice, but it's expensive."

THINKS

- "Will I ever become debt-free?"
- "My credit score may decrease if I miss payments."
- "I should create a proper budget."
- "I need a personalized repayment plan."
- "Can AI really help me reduce my debt?"

DOES

- Searches online for debt relief options.
- Uses budgeting or EMI calculator apps.
- Compares different loan repayment methods.
- Delays or misses EMI payments due to financial constraints.
- Tracks monthly income and expenses manually.

FEELS

- Financial stress and anxiety.
- Fear of loan defaults.
- Confused about financial decisions.
- Frustrated with multiple debts.
- Hopeful after receiving personalized AI recommendations.
